## Community Fisheries Management Plan

Community Fisheries Management Plan shall be prepared in accordance with Article 23 of the Prakas on Community Fisheries Guidelines of the Ministry of Agriculture, Forestry and Fishery (MAFF), based on the information related to the socio-economic status of the people, fisheries, and agriculture, the nature of the fishery involved in fishing, and community issues. Kampong Tralach Community Fishery has prepared its three-year plan for 2021-2023. This plan sets out a three-year vision that can contribute to ensure sustainable community development. The community has a vision to improve community living through tourism.

Community fisheries management plan focuses on the using of fishing gear, pointing community and conservation boundary, labelling and billboards, strengthening patrols, capacity building of committee and community members, expansion of livelihoods, construction of community headquarter, and generation of community income.

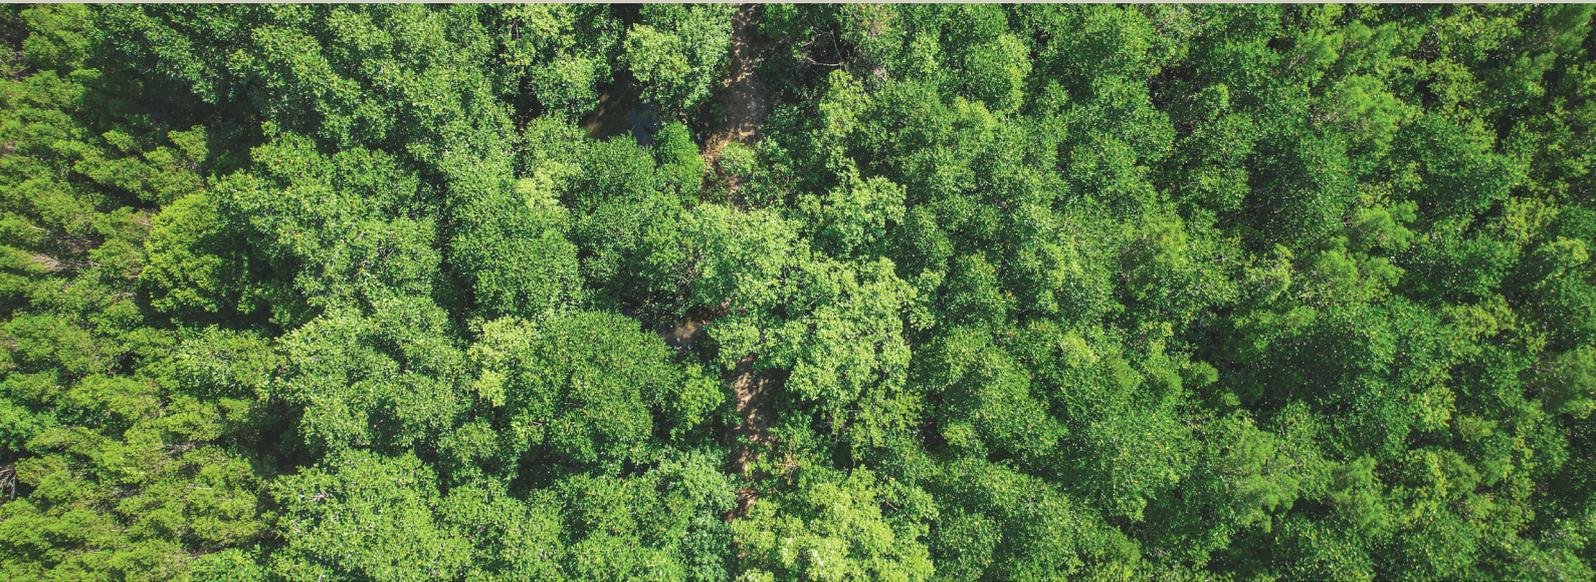

**Budget Plan:** Kampong Tralach Community Fishery does not have independent budget since it is relying on annual family donations and community supported boxes.
